

Simple and effective UV-C air disinfection for rooms up to 15 m²

The smallest device of the UVG series is ideal for small offices and treatment rooms in medical practices and finds space on every shelf. Its use is not limited to this, of course, as the unit can be used flexibly with the included stand or permanently attached to the wall with the wall mount.

The Dinies UV air purifier continuously cleans and disinfects the air in the room with the help of UV-C lamps and ensures a pleasant room atmosphere.

- ✓ Disinfection up to 99.9%
- ✓ No chemicals
- ✓ Environmentally friendly
- ✓ High quality
